Desiderata

Go placidly amid the noise and haste and remember what peace there may be in silence. As far as possible without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter, for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Elections '72

The fall of 1972 was a turbulent time in the political arena. For a week during the class officer campaign, PBHS had a glimpse of this excitement.

Not everyone was as successful as the gentleman at the left, but they had a good time anyway. For a short time big time politics was here.

Before one can experience the bliss of freedom, he must discipline himself. Therefore, only those strictly disciplined individuals can attain freedom. The next person who tells me that when I'm running to get to an appointment on time is going to wish he didn't know what freedom is.

In the south there is an old man who ferries passengers across a mile-wide river for 10¢. When asked "How many times a day do you do this?" he replied "As many times as I can, because if I don't go, I don't get." That's all there is to know - about economics, education, and self-respect.

Today is a beautiful day!
The rays of light filtered
through the sentinels of
trees this morning.
I sat by the creek and
contemplated.
I missed classes, but
somehow it didn't matter.
The serenity and beauty
of my feelings and surroundings
completely
captivated me...

I thought of you.
I discovered you tucked
away in the shadows of the
trees. Then rediscovered
you on the smiles of the
flowers as the sun
penetrated the petals...
in the rhythm of the leaves
falling upon the stream...
in the freedom of the
robin as he flew searching
as you do.

I'm very happy to have
found you again.
Now, you will never leave
me, for I will always find
you in the beauty of life.
